

## Technical change to RJ45 CabinetLine

Dear Madam or Sir,

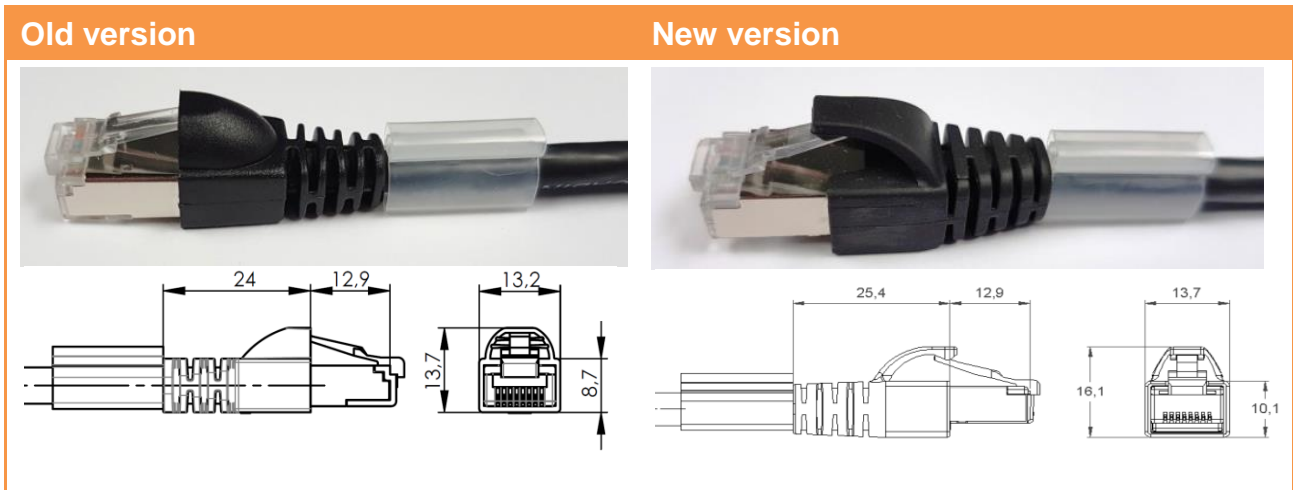

the below listed articles will be supplied in a modified revision. Please pass this product information on to your employees and, if needed, to your customers. All modifications are performed for reasons of product improvements.

### 1. Initial situation

We took the chance to improve the handling and marking of the RJ45 CabinetLine.

### 2. Technical/Optical change

- The RJ45 connector moulding has a new design and material (PUR).
- Furthermore, we added cable printing for a better identification after installation of the patch cord.
- With regard to the technical requirements the new CabinetLine meets the same tests as the old version.
- Furthermore color deviations may occur.

### 3. Reason for change

Improve the handling of the latch protection especially by low temperatures.

## 4. Availability

The production of the new version will start Q2 2018, it is possible to get mixed deliveries during the following month.

## 5. Affected parts
