

## Technical change to RSSD/ Compact family

Dear Madam or Sir,

The above listed articles will be supplied in a modified revision. Please pass this product information on to your employees and, if needed, to your customers. All modifications are performed for reasons of product improvements.

### 1. Initial situation

RSSD/ Compact had no UL approvals and were delivered with LP3R connectors which will be obsolete very soon. They were also delivered with Dekafix.

### 2. Technical change

Based on continuous improvement the LP3R connectors used in RSSD/ Compact will be replaced by LL3R connectors + pad printing technology. Furthermore, to fulfil with UL approvals, the product label has been changed to include the UL logo with its file number () and the UL ratings below.  
UL ratings: 60VUC / 1A

#### Cancellation

LP3R 5.0x/90

Matting  
compatibility

#### Substitution

LL3R 5.0x/90

### 3. Reason for change

Obsolescence of LP3R connector range and addition of **UL-recognized** approvals () on the label for these products, making each interface UL recognized.

### 4. Availability

Current products in stock still have old connectors and have Compatibility indicator 0. Since today new productions will be with new modifications detailed above (new Compatibility indicator 1). As time goes on, products with compatibility code 0 will decrease until end of stock following a FIFO process.

### 5. Affected parts

RS SD9B LP3R	8019880000
RS SD15B LP3R	8019890000
RS SD25B LP3R	8019900000
RS SD37B LP3R	8019910000
RS SD50B LP3R	8019920000
RS SD9S LP3R	8019930000
RS SD15S LP3R	8019940000
RS SD25S LP3R	8019950000
RS SD37S LP3R	8019960000
RS SD50S LP3R	8019970000

We are very sorry for all the inconveniences caused and doing everything to adjust this product change as smooth as possible without big influence on delivery times and general functions.
